

Pretty windows, beautiful homes

Traditional 2500 Windows and Doors

Welcome

Deceuninck is a 79 year old global PVC group with large scale operations in Western Europe, Central & Eastern Europe, Turkey and North America. We are one of the Top 3 players in Europe, with a leading presence in the UK.

We have 10 production sites worldwide, manufacturing over 200,000 tonnes of compound. That's around 1,000,000 windows a year, sold in over 75 countries. Our UK operations in Calne, Wiltshire were set up over 30 years ago.

Passion for Excellence

Our extensive range of innovative high performance PVC-U windows and doors ensures our products are the preferred choice for homeowners.

Our passion for innovative design, high performance and continuous improvement means our PVC-U windows and doors are technologically advanced, giving you the best in durability, reliability, security, energy efficiency, weather performance and colour. Our products stand out and stay beautiful for longer.

Saving energy, money and the environment

With energy prices soaring, you need a window and door system that insulates your home, helping to reduce fuel bills and cut carbon emissions.

Most people are familiar with the rainbow 'energy label' on white goods such as fridges and washing machines. These also apply to windows and doors.

A window energy rating of A+10 or above is considered to be the best in class for energy efficiency. This equates to A+ with BFRC. So when choosing your windows, look for the energy rating label with A+.

According to The Energy Saving Trust*, replacing all single glazed windows in a typical semi-detached house with A-rated double glazing could save you between £85 and £110 a year on fuel bills.

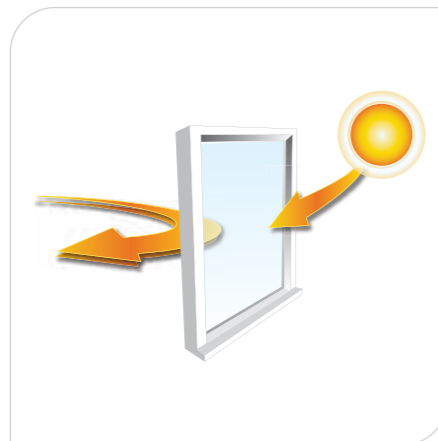

To calculate how much you could save use the online energy calculator at www.deceuninck.co.uk

Our Traditional 2500 double glazed windows achieve superb thermal performance with A+ energy ratings. We also offer triple glazed windows for the best in energy efficiency and comfort in the home.

* www.energysavingtrust.org.uk

Our triple glazed windows achieve A+25 energy rating for the best in energy efficiency

Energy rated windows stop heat escaping and capture warmth from natural sunlight, helping you save money on fuel bills.

Keeping unwelcome visitors out

You need to feel you are safe and secure in your own home, so it's good to know that we take security very seriously.

Making sure your windows and doors are secure can be a major deterrent to opportunistic thieves and burglars.

All our windows and doors are manufactured to Secured by Design standards, helping protect your property for complete peace of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing and a locking system for ultimate protection. To provide enhanced resistance to forced entry, all our windows and doors are fitted with hinge protectors at the back of the sash.

We've taken the latest anti-bump, anti-snap cylinder technology and built it straight into our doors, and all fitted as standard equipment.

We also offer various glass and hardware options for you to choose from to make your home as safe as possible.

Making the most of your home

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our PVC-U windows and doors strike the perfect balance between energy efficiency, security and comfortable living.

Beautiful homes start here

Our products are technologically advanced giving you the best in durability and thermal insulation, with an understated style that won't date. They are also low maintenance and easy to clean - an occasional wipe with water and washing-up liquid keeps them looking good for years.

All our windows and doors are environmentally friendly and fully recyclable at the end of their lives.

Choose the colour you love...

Our windows and doors are available in a wide variety of colours. Choose the perfect colour to suit your home. You can even mix and match with one colour on the outside and another on the inside, to complement your décor, or even your bathroom suite! Our colour choices are on Page 11.

Making the most of your living space

Adding a conservatory to your home is the ultimate affordable solution to extended living. A conservatory adds comfort and elegance to your home, allowing you to make the most of your living space. What could you do with the extra space a conservatory provides? Breakfast room, playroom, study, dining room, music room or design studio... the possibilities are endless. Ask us about our conservatory options.

Traditional 2500 - smooth and stylish simplicity

Our Traditional 2500 window and door range is a firm favourite with our customers. Smooth and stylish, they are proven to stand the test of time.

This range is available in White and 18 colourways as standard. See page 11. Our suite of windows and doors comes with matching ancillaries, trims and accessories plus a wide choice of complementary hardware to complete the look.

Perfectly balanced

We take our inspiration from the buildings and environment around us. So our designs are flexible, versatile and created to suit contemporary homes and period properties alike.

Good window design extends to the symmetry of window sightlines. Equal sightlines add balance and harmony, giving a cleaner view from the outside in, and from the inside looking out. It means our windows look less cluttered and more symmetrical.

All our products undergo rigorous tests to ensure they are of the highest quality, durability and reliability. So your windows and doors will stay beautiful for longer, with very little maintenance. They are also all recyclable.

Deceuninck's NEW Slider24 Built for the great indoors

A unique sliding patio door that suites with our pretty windows in performance, style and colour.

Our market leading colour from stock means homeowners can choose from 26 colourways for their new windows and sliding patio door, including matching ancillaries, trims and accessories, and have it all delivered on the same short lead time as white.

The superior design of Slider24 means robust long-life weather performance; best security with a future-proof PAS24 compliant certificate and top of the range Yale locking hardware; and a low threshold for easy access and Part M compliance.

Choosing the right glass for your home

Minster glass

Contora glass

Stippolyte glass

A wide range of glass effects are available so you can more closely match the pattern you prefer. All glass options are available toughened or laminated for safety and security.

Leaded and Georgian

The design of your windows and doors have a big impact on the overall appearance of your home. Whatever the age of your property the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

Were the original windows leaded perhaps, or did they have Georgian bars?

How we work

We take great pride in giving our customers the best products and service possible. We have a reputation for quality, service and value for money and we are sure that you will be delighted with choosing us.

Establishing what you want

Our aim is to be there to help and guide you every step of the way. We understand that purchasing new windows or doors or a new conservatory is not something you do every day. It takes time and thought, which is why you have our word that with us there is no hard sell. We give you the time and space to make your own choices. We also invite you to visit the homes of other satisfied customers to see and hear for yourself the excellent products and service you can expect from us.

On-site survey

The first thing we do is to arrange a mutually convenient time for us to carry out an on-site survey at your home. Our surveyor will contact you within 14 days of your order. Once a date has been set our surveyor will take precise measurements and document all of your installation and technical requirements. Every detail is covered. Our surveyor will also talk to you about the designs and styles you have chosen and ensure that you are entirely satisfied with your choice. Of course, if you wish to make any changes at this point, you can.

Processing your order

Once all the details have been finalised, your order is processed. Any planning permission, if applicable, is received and our Installation Department can plan the delivery of each item of your order. Once we have firm dates in place we will let you know in writing what your installation date will be. Throughout the process, everything is taken care of for you so you can sit back and relax and enjoy the experience of being a much valued customer.

Taking care of your home

Once we have measured up and surveyed your home, we will introduce you to our installation team. We only used expert master craftsman who will take care of your needs and treat you and your property with the respect you deserve. All mess is kept to a minimum and scrupulously cleaned up before we leave. Every component of your new windows, doors or conservatory is fitted with the utmost skill and care. Every detail is taken care of so you don't have to worry about anything.

Our support continues

Throughout the project we will be there to support and guide you and answer any queries you may have. This includes after your purchase is complete and the product has been installed. We take great pains to ensure you are completely happy. You only have to ask our many happy customers to know that!
